WHAT IS AN APPRENTICESHIP?

Apprenticeships give you the opportunity to work for an employer, earn a salary, get paid holidays and achieve nationally recognised qualifications. You will also gain valuable workplace skills and experience.

Apprenticeships are for all ages and for people already employed, subject to eligibility criteria. They develop your knowledge and practical ability to do your job effectively and by being employed you are developing employability skills and personal confidence. Apprenticeships are a great way to start your career and open the door to exciting employment prospects.

KEY BENEFITS:

- Earn a wage
- Gain recognised qualifications
- Get on-the-job training and skills
- Get paid holidays
- Start your career journey
- Develop employability skills and confidence
- Opportunity to progress to degree level apprenticeships
- College benefits including student card and discounts.

The Welsh Government supports an all-age Apprenticeship Programme, therefore you could be eligible for an apprenticeship opportunity to train, regardless of age. Coleg Cambria works with a wide range of employers to support apprenticeships from Level 2 - Level 6, in over 400 different pathways, for a wide variety of sectors.

We can also support apprenticeship training in England for a selection of apprenticeship standards.

There are five levels of apprenticeships which take between 1-4 years to complete individually (more if progressing through the levels).

You will gain industry approved qualifications, extensive work experience and qualifications within literacy, numeracy and digital literacy (for specific courses).

HOW DO I APPLY?

If you find a job, you can simply speak to your employer about becoming an Apprentice. If your employer agrees, please contact the Employer Engagement team at Cambria for Business to discuss the process and find out the most fitting apprenticeship and level.

If you don't already have a job visit our apprenticeship vacancies page to see which employers are currently taking on apprentices:
