

# GATEWAY QUALITY REVIEW WALES

## May 2023 | Highlights of Good Practice

**01**

Employer Engagement within the College is well established and working effectively.

**02**

Students are overwhelmingly positive in their praise for the quality of their programmes and the dedication and support of teaching staff.

**03**

Staffing is well-resourced and has kept pace with the HE student population and programme portfolio.

**04**

Annual monitoring provides an opportunity to reflect and report on any staff resource requirements and there is positive evidence of this process working effectively in practice.

**05**

Staff resourcing and expertise is monitored through external examining with the reports commenting positively on these aspects.

**06**

Students are extremely positive about the quality of teaching and support provided by staff.

**07**

Students are highly satisfied with the resources and facilities available to them.

**08**

Programme annual monitoring is used effectively to monitor and identify additional resources.

**09**

Students are overwhelmingly positive on the support they receive and the commitment and accessibility of staff in both academic and student support roles.

**10**

The close and effective working relationship between academic and student and professional services was also instrumental in providing a high standard of academic and pastoral support ensuring resources remained up to date.

**11**

The College has sufficient and appropriate learning resources and student services to deliver a high quality academic experience.

**12**

Core Practice arrangements work effectively in practice and provide an appropriate and high quality academic experience.

**13**

The College recognises the importance of further developing its policy and guidance documents with such plans already well developed.

**14**

Students are very positive about the quality of their programmes and College staff work collaboratively with their University partners to enable them to deliver high quality programmes with industrial relevance.

**15**

A high level of academic and pastoral support is provided to students through a close and effective working relationship between academic and student and professional services.
